

for Multimedia Application

MD-BC110

Module Features

- Bluetooth 4.1 +EDR compliant
- Power Class2
- Full support for power saving modes
- Supports 3-wire co-existence scheme
- Support maximum Bluetooth data rates over HCI UART interface
- Supports Wide-Band Speech(WBS) over PCM and Packet Loss Concealment(PLC) for better audio quality
- Built-in Reference Clock(26MHz) and RTC(32.768kHz)
- Standard Bluetooth test modes
- RoHS Compliant

Applications

- Automotive hands-free radios
- Automotive data communication

Features

Dimension: 11.0 X 11.0 X 2.3 mm
